			Type: Fortified

The NV 20 Year Old Tawny Port is a field blend that comes in at 118 grams per liter of residual sugar. With unctuous texture, this is most notable for its complexity, showing intense nuances of molasses and seared caramel. After the first burst of power of fruit and alcohol, though, this thinned a bit. It has a fresh feel, but average concentration. At times, there was just a touch of harshness on the finish.

Sweetness: Dry
Type: Fortified
Variety: Proprietary Blend
