The sleek, creamy and faintly balsamic red 2023 Tributo was produced with a blend of 80% Syrah with 10% Grenache and 5% each of Viognier and Mourvèdre that fermented in lagar with neutral yeasts and four weeks of maceration. It obviously was aged in oak, but details were not provided. It's heady, showy and ripe, hitting the scale at 15% alcohol, with abundant tannins and plenty of oak-related flavors. Maybe with more time in bottle? 3,000 bottles produced. It was bottled in May 2025.
