The red 2022 Terrenus Tinto was produced with a field blend from old vines in the São Mamede Mountains—Aragonez (Tempranillo), Trincadeira Preta, Alicante Bouschet and others—fermented in troncoconic tanks with neutral yeasts and matured for 18 months in French oak barrels. It's dark, ripe and primary, a bit raw and not shy at 14.5% alcohol. It's medium- to full-bodied and has abundant, slightly dusty tannins. It will be better with food. 20,000 bottles produced. It was bottled in June 2023.
